Opening: Bob opened meeting at 4:05 PM and introductions were made

Minutes: Approved Minutes May 19, 2009, with corrections

NOTES

1. Training Presentation– “Environmental Prevention” Nancy Vasquez

- a. An inventory of Coalition members past experience working with environmental strategies was taken and specific examples were shared.
- b. Core Concepts were given by Nancy with a complete walk through of supportive handouts
 1. environmental prevention: when you decrease availability of harmful substance, this decreases consumption which decreases related problems.
- c. Individual vs. Environmental approaches were clarified, noting that comprehensive results require focus on both individual behavior and behavior change and on policy and policy change.
- d. Local issues where environmental strategies are currently being implemented and or created were discussed, including SHO, alcohol density, Parent Pledge, Responsible Service Training, and individual business standards regarding alcohol and RX controls.
- e. Examples of other possible Environmental Prevention strategies was also shared.

Action Item	Description
	None Taken
